 [Leetcode Profile](#)

Creative and performance-driven Frontend Developer with 3+ years of hands-on experience building scalable, responsive, and high-performance web applications using Angular, TypeScript, HTML, CSS, and REST APIs. Skilled in unit testing, CI/CD pipelines, and Agile methodologies, with hands-on expertise in tools like JIRA, Jenkins, Git, and SonarQube. Adept at improving user experience, optimizing performance, and delivering impactful business solutions.

## Experience

Infosys Limited | Technology Analyst - Frontend Developer Feb. 2022 - Present

- Built and deployed 40+ Angular components, improving user engagement by 40% and reducing bounce rate by 25%.
- Enhanced PwC TDMS application performance by 30% and reduced redundancy, boosting code coverage by 28%.
- Developed and maintained UIs for lawyer portals, improving usability and client satisfaction by 30%.
- Designed and executed unit/functional tests using Jasmine, improving code quality and coverage.
- Utilized tools such as JIRA, Git, Jenkins, NexusIQ, SonarQube, and OpenShift in Agile environments.
- Mentored peers, resolved bugs, and ensured timely story completion within Scrum Sprints.

## Projects

- TDMS Portal of PwC** Oct. 2024 - Present
  - Enhanced the PwC TDMS application, resulting in a 30% improvement in performance.
  - Reduced code redundancy and boosted unit test coverage to 88% using Jasmine.
  - Delivered high-quality, responsive UI features in Angular, adhering to Agile sprint deadlines.
- LLC Embedded Portal (Lawyer Portal)** Oct. 2023 - Oct. 2024
  - Developed modular Angular UI components to enhance maintainability and scalability.
  - Explored and contributed to Azure DevOps pipelines, basic SQL operations, and project planning workflows.
  - Championed iterative improvements during Agile sprints, resulting in a 30% increase in user satisfaction and a 20% decrease in support tickets.
  - Executed functional testing to ensure high-quality deployments and smooth user journeys.
- Claims Modernization** Feb. 2022 - Oct. 2023
  - Built and deployed 20+ Angular components, driving a 40% increase in engagement and a 25% drop in bounce rate.
  - Improved code quality and coverage through Jasmine unit and functional testing.
  - Collaborated using Git, JIRA, Jenkins, SonarQube, NexusIQ, and OpenShift in an Agile Scrum setup.
  - Resolved bugs, unblocked teammates, and ensured timely story completion.

## Skills

- Languages:** JavaScript, TypeScript, HTML, CSS
- Frameworks & Libraries:** Angular, Jasmine, Bootstrap
- Tools & DevOps:** Git, Jenkins, SonarQube, NexusIQ, JIRA, OpenShift, CI/CD
- Database & API:** MongoDB, RESTful APIs
- Project Management:** Agile, Scrum
- Other Tools:** Postman, VS Code, Harness
- Soft Skills:** Teamwork, Problem Solving, Decision Making, Time Management

## Education

- Dr. Babasaheb Ambedkar Technological University, Lonere, Maharashtra.**
  - B. Tech in Computer Science & Engineering | CGPA: 8.63 | GPA: 3.4 | Percentage: 82% 2017 - 2021

## Certifications & Awards

- Infosys Certified Angular Web Developer
- Infosys Certified JavaScript Developer
- Microsoft AZ-900 Certified
- 3rd rank in Infosys Techzooka Innovathon (2025)
- Outstanding Performance Award (2022–2023)
- Insta Rise Award (2022 & 2023)
